We are still waiting to see when and who is shooting the Hangover trap league. Fish dinners start Feb. 17th and Jeff will need help on those, he has made flyers and put a add in the shopper. We need to stop the negative attitudes at the bar we are chasing members away and loosing good help that the club needs to function. The board will be bringing any members causing a problem in front of the board for disciplinary actions if causing problems in club. There has been 20 tickets sold so far, the early bird drawing is April 21st and that will be drawn for a free ticket (get your money back)

Old Business: We are looking at two problems with the fob system that should not cost much, if not we need to look at another system or idea for entering the club. We lost 21 members this year for non payment.
